“ENTER to LEARN & LEAVE to SERVE”
Message from the chairman!

It gives me immense pleasure in welcoming you to Shree Institute of Technical Education and to explain our goals and achievements to you.

Our vision is to be a preeminent academic institution in the region, which provides quality education, and enables students to serve the society better. Our efforts have been to develop the best possible infrastructure, technology and facilities, along with a curriculum and extra-curricular activities to meet these goals.

Having recognized the fact that our students must be thorough with the latest technology, be skillful and sensitive to the importance of right attitude, we have been conducting the necessary training and we are successful in hosting placement drives and placing our students.

I am sure with requisite technical/business knowledge, skills/competencies and right kind of culture and values every one of our students will prove an asset to the industry and the country.

Sincerely,

T. Damodaram
Chairman
Welcome to **SHREE**

SHREE Institute of Technical Education is approved by AICTE and affiliated to Jawaharlal Nehru Technological University. Focusing on the all-round development of its students, SHREE is one of the few Institutes offering Engineering and MBA courses that combine a theoretical academic curriculum with practical industry-focused knowledge.

At SHREE, we steer our students on a path of lifelong success, through programs that include lectures, interactive discussions and presentations, as well as practical projects and field assignments. Individual mentoring for each student complements the classroom work, and the curriculum is rounded off by workshops, seminars and specially designed training programs.

**About Us**

SHREE Institute of Technical Education is located at an equi distance of 18 kms from both the renowned temple cities Tirupati and Srikalahasthi.

Set in a serene, eight-hectare (18 acre) campus, the institute provides an ideal atmosphere for studies while providing students access to well-equipped classrooms, modern laboratories, latest computer systems, a well-stocked library, ultra modern placement cell, auditorium and all other facilities.
SHREE has the
STATE OF THE ART FACILITIES & INFRASTRUCTURE...!

Modern Computer Labs with Internet/Wi-Fi access is provided on the campus with the latest hardware and software.

Classrooms and Laboratories are spacious and well equipped with the latest machinery and experimental equipment (where applicable) to make learning an enjoyable and productive experience for the students.

Library is well lit and spacious to provide a suitable study atmosphere and contains all relevant text books and reference works, as well as journals and periodicals, and electronic media to assist students with their studies.

English Language & Communications Skills Laboratory provides students with training in advanced communications skills.

Seminar Halls and Auditorium are useful for conducting Seminars, Workshops, Guest Lectures by experts and pre-placement talks by recruiters.

Student Welfare Facilities include a subsidized canteen, buses for student transportation, medical support and hostels for students.

Sports and Leisure Facilities are provided for indoor games and sports, reflecting the due importance that SHREE gives to such activities.
Placement Infrastructure

The Training and Placement Department continuously assists students at SHREE. It has a well equipped Training & Placement Cell with modern infrastructure where visiting recruiters feel right at home.

FACILITIES FOR RECRUITERS

- Well furnished Auditorium to conduct Pre-Placement talks
- Spacious Rooms for Written Tests
- Computer Facilities for Online Tests
- Group Discussion Rooms and Personal Interview Chambers
- Dining and Rest Rooms for Recruiters
- Arrangement for Logistics
- Arrangement for Pool Drives
- Student Volunteers for all possible arrangements during the campus drives
TRAINING FOR EMPLOYABILITY SKILLS

SHREE has a carefully designed training calendar to impart training for Employability Skills continuously to all the students. The institution has a dedicated team of experts who are able to train the students in the following areas:

- English Language Skills
- Communication Skills
- Quantitative Aptitude
- Reasoning Ability
- Logical Thinking
- Personality Development
- Interview Skills

COLLABORATION WITH COMPANIES

SHREE derives its strength by collaborating with some of the leading companies like Talent Sprint, DATAMEDU and Honey Labs for training, Projects, guest lectures and workshops. It has an advisory board that includes many eminent industrialists, engineers and senior managers.

TECHNICAL TRAINING BY INDUSTRY EXPERTS

Besides training students on softskills, SHREE outsources industry experts for technical training. Every academic year, the institution is providing training all B. Tech students on technical projects, technical aptitude (C, C++, Java, OS, Networking, Data Structures & DBMS, Analog Circuits, Digital Circuits, Micro Processors and Networking, Power Systems) with the help of industry experts.
Stimulating CAMPUS LIFE

Stimulating Lectures, Seminars and Workshops
Shree -B Tech/MBA programmes include a blend of lectures, assignments, case studies, presentations, field activities, projects, guest lectures, workshops, IT training, communication skills and life skills training programmes, group discussions and quizzes.

Affluent Teaching Learning Environment
The lecturers make use of LCD projectors, audio and video facilities. Visuals and simulations through such modern teaching aids make the lectures very exciting and lead to better understanding of the concepts and their applications.

Practical approach
To ensure students acquire technical and management skills, SHREE adopts a practical approach with adequate experiments in labs which ensures that the students will complete all the courses with a solid foundation and also apply the concepts practically.

Mentoring and Constant Appraisal
At SHREE, students academic progress, multiple competencies and employability skills are continuously monitored by the training officer and the mentors, and accordingly the students are counselled academically, technically and emotionally to their success.

SHREE
- Excellent Academic Environment
- State of the art Infrastructure
- Close Interaction between Faculty and Students
BEYOND ACADEMICS

The Departmental Associations at Shree

promote interest in technology among the students and help them acquire skills through several events. They host technical seminars, quizzes, paper presentations, cultural events, sports and games and many intra and inter departmental competitions.

Cultural and Literary Association

In order to foster students innate talents the literary and cultural association of SHREE conducts events like essay writing, general quiz, elocution, singing, dance, debate, skits etc.

NSS

The NSS wing of Shree undertakes activities such as blood donation, tree plantation, campus cleaning, collection of donations for the people affected in disaster, health and technical education to rural communities to involve students in social service.

Physical Education

Students at SHREE regularly take part in sports and games. Interested students also get opportunities to take coaching and to participate in all events in various competitions.

Rotaract Charter

Shree has a Rotaract Charter with members addressing their communities physical and social needs while promoting international understanding and peace. Rotaract is a Rotary-sponsored, university based service club for students to render social service and develop values and leadership skills.

SHREE NEXUS (Annual Meet)

The institution organizes SHREE NEXUS a national level technical and management meet every year inviting engineering and management students from other colleges to recognize and share their talents. The event provides a great platform to students to develop their creativity, organizing ability, technical and managerial skills. The event has been helping the institute establish a link with industry and bridge the gap between industry and academics.
Why **SHREE** is different?

### What are the different teaching/learning methods that are adopted at SHREE?

Academicians at SHREE carefully draft the lesson plans, homework Assignment and also unit test schedules and are executed under the supervision of HODs. Polytechnic, B Tech, M tech & MBA use a blend of pre-reading assignments, lectures, seminars as classroom inputs.

### Are students being mentored and coached continuously?

Yes. A team of mentors under the guidance of the chief mentor adopt the students, and coach them towards success. They understand the problems of the students and suggest suitable plan of action and help them academically, technically and emotionally.

### How does SHREE take care of slow learners?

Innovative methods are developed to take care of slow learners. Under this method, the problems of slow learners are assessed and special tutorials are conducted for such students. Students also get a chance for learning and revising lessons in groups.

### I don’t have good language and Communication Skills. Can I improve these skills quickly?

Yes, one can learn and/or improve language & communication skills very easily at the institute. The institution has a team of experts, labs and specially designed programs to develop these skills. If students are serious, we give 100% assurance in helping the students acquiring communication skills.

### I am good at studies, but I don’t have leadership skills. Can I improve such skills?

Yes. At SHREE, students are given group tasks right from the first day to cultivate the habit of team spirit and to encourage competition among the groups. All the activities in student associations, events, training sessions, projects and mini projects involve a lot of team work and provide opportunities for improving the leadership and organizational skills.
COURSES OFFERED

Polytechnic
DECE, DEEE, DME & DCE

B.Tech
ECE, EEE, CSE, Mech. & Civil

M.Tech

MBA

B.Tech, Polytechnic & MBA
Counselling Code: SHRE

M.Tech
Counselling Code: SHRE1

SHREE Route Map

SHREE Location Map
KEY ACHIEVEMENTS

- R & D Cell
- Pleasant environment for studies
- Achieved 100% Results in MBA for 7 times
- Conducting Placement Training right from the 2nd year
- Integrated Counselling and personal care for students
- Collaboration with Industry and Regular Industrial visits
- Organising National level Workshops, Conferences & FDPs
- Presented Papers at National & International Conferences
- Carrying out Innovative Projects viz., Solar Cycle, Quadrajet etc.
- Represented JNTU-A university teams in Football & Handball.
